The purpose of these visits is to ensure that we engage face to face with our customers and it gives us an opportunity to inspect our standards of repair work and identify any specific problems. There is no need for you to be at home on the customer visit dates, but we will knock on each door as a matter of courtesy to enquire if there is anything you wish to raise. If you wish to discuss anything at any other time, please contact your Tenancy Management Officer on 01208 892000, or housing@crha.org.uk or use one of the following to get in touch.
